

## Requirements for scientific articles

### All publications must meet the following requirements:

All materials, submitted to journal, are subjected to obligatory internal reviewing and are posted on this website in a case of positive conclusion of the reviewers and conform with all requirements for publication.

1. The total volume of paper should not exceed 26 pages.
2. It's not allowed to use vertical text in the tables.
3. The author should fill in a [RISC form](#) with information about an article, to enter in the Russian Science Citation Index.
4. The author provides a review in free form, signed by a specialist with a degree that correlates with the subject of an article, certified in a personnel department at reviewer's place of employment.
5. The author sends in the attachments to a brief letter at [infoaset@mail.ru](mailto:infoaset@mail.ru) the following:
  - text file of the article, calling it briefly in Latin, eg.: Ivanov.doc, including abstract (400-500 characters), a list of keywords and a list of references;
  - scanned image file with a received review (preferably in .jpg format);
  - RISC form.
6. When it's confirmed that the article is accepted for publication in a Journal, an author must pay the cost of reviewing and editing, and send on the same email address a scanned image file of the paid receipt.
